

Technical Officer

Grade 5, £20,100 to £22,000 (plus 10% - £24,200)
+ Local Government Pension Scheme + Vehicle

The Witham Fourth District Internal Drainage Board covers an area of 40,500 hectares of the Great Ouse Valley. The Board maintains 750 kilometres of watercourse and are responsible for the operation and maintenance of nine pumping stations.

The Board is a small statutory public body with general powers under the Land Drainage Act (1990) for the supervision over all matters relating to drainage and water level management within its District. Further information on the Board can be found here: www.wifidb.co.uk

It is a very interesting and busy time to be considering a career with an Internal Drainage Board, and this is an exciting opportunity for a versatile, professional to join our team.

Based at the Board's Office in Boston, the Technical Officer will be responsible for ongoing updates and modifications of the catchment survey, drawings, hydraulic model, asset database and GIS systems. The Candidate will also support the Engineering Manager in the Board's responsibility to manage Development & Consent Control within the District.

The successful candidate will be suitably qualified to a minimum of a Level 4 qualification. Ideally you will be professionally qualified or willing to work towards a professional qualification. You will have the practical and technical experience, and personal skills, knowledge, and capability to efficiently fulfil this challenging role.

More importantly we are looking for the right person who will be dedicated to and contribute towards the overall success of the Board.

For more information on this position please download a copy of the candidate information pack here: <http://www.wifidb.co.uk>

For an informal conversation about the role please contact Derek Brady, Engineering Manager on 01205 120048. All applications should be received no later than 5pm on Friday 17th January 2024 and addressed to:
